

Dear Customers:

During the last few weeks, the COVID-19 situation has continued to change very quickly. We want to assure all our customers that the Zak's Group of Companies is monitoring the situation very closely and we will continue to do everything we can to keep our stores and construction sites safe for our employees and our communities.

In addition to our strict daily safety and cleanliness standards, we have taken measures to make sure that we are following the guidelines published by our public health authorities including:

- Regular disinfecting
- Proper hand washing
- Keeping our employees informed
- Ensuring that our employees stay home if they feel unwell or have been travelling outside of Canada.

During this time of uncertainty, we will continue to be open for business as usual:

- Both Hague and Warman Home Hardware stores will remain open for our normal hours
- Hague and Warman locations will offer delivery or special pickup through our warehouses at no extra cost to limit social interaction.
- Our Residential, Commercial and Agricultural project Sales and Construction teams will continue to operate normally.
 - Our sales team will continue to be in the Hague and Warman offices. If you prefer to reschedule an appointment or discuss your project by phone don't hesitate to give us a call.
 - Our construction teams will continue to build our communities while ensuring that we continue to maintain our high safety standards.

We will continue to monitor the situation and we will do our part to help our communities through this uncertain time.

Sincerely,

The Zacharias Family
